

Bid/No-Bid Checklist

Complete this checklist to help you decide if an opportunity that you are thinking about pursuing is right for your business.

Based on the information you have, answer the questions.

- Does this opportunity sit within the core offerings of your business?
- Does your business have the capability to deliver, or do you need to hire additional people?
- Will the people in your business think that this opportunity is good for the business?
- What investment in plant, business systems and equipment is required to support the contract?
- Do you think that the customer knows enough about your business to make a decision that your business could deliver?
- Are you the only business being asked?
- If there are any, do you know who your competitors are likely to be?
- Can you describe now how you will differentiate your product or service from other businesses?
- Do you have sufficient time to prepare a Proposal that puts your business in the best light?
- Do you have any relevant examples of work your business has or is doing to help you win this opportunity?
- Do you have sufficient capacity to deliver what you promise if you win (what other future orders are you aware of)?
- Do you know enough about how this customer works?
